

Hardline Equipment was founded in 2010, realizing the need for quality service, sales, and parts availability when it comes to the refuse market, we also realized the need for updated technology and product lines. Today the company has expanded its refuse product line bringing in unique and more productive equipment as well as becoming a leader in street demolition equipment, sewer equipment, Snow & Ice equipment, demolition equipment, and even green technology utility Vehicles.

Our beliefs at Hardline Equipment are focused on making sure our customers have the best service and parts availability at their finger tips while selling some of the best product lines on the planet to help increase customer productivity and minimize downtime

Hardline Equipment firmly believes in responsible development so we can measure, communicate, and act on issues related to the environment, community, health, and safety in a manner which is proactive and responsive to the needs of our customers while minimizing the operator, partner, and Employer Choice. This has brought us to open a new location in Minnesota as of July 2017. Located at:

220 4th St.  
Albany, MN 56307  
Phone: 320-761-6532  
Cell: 612-666-7512

Colorado Location:  
7550 Dahlia St.  
Commerce City, CO 80022
